October 17-19, Kona Kai Resort, San Diego

Please join us for the Fall 2019 Conference of the California Council on Teacher Education this October 17-19 at the Kona Kai Resort in San Diego around the theme “Integrating Social Emotional Learning & Culturally Responsive and Sustaining Teaching Practices into Teacher Education.” It will be a provocative and exciting Conference. The Aspen Institute’s Pursuing Social and Emotional Development Through a Racial Equity Lens: Call to Action (2018) states,

In an equitable education system, every student has access to the resources and educational rigor they need at the right moment in their education, irrespective of race, ethnicity, gender, sexual orientation, language, disability, family background, family income, citizenship, or tribal status. Equity is not just about resource allocation, however. While there is a need for additional resources to allow schools serving students of color to provide rich educational experiences, merely ensuring more equitable resource allocation won’t ensure that schools are affirming of students’ background and cultural and linguistic heritage. (p. 1)

Teaching practices that are responsive to and assist with sustaining cultural and linguistic heritage are essential to creating an environment where ALL students can learn. The effectiveness of these practices is predicated on social emotional learning, and in particular positive relationships between teachers, students, and the learning community. Thus the Aspen Institute (2018) recommends, “Rather than being pursued as two separate bodies of work, the field needs to identify ways in which equity and social, emotional, and academic development can be mutually reinforcing” (p. 1).

The Collaborative for Academic, Social, and Emotional Learning (2018) defines Social Emotional Learning (SEL),

...as the process through which children and adults acquire and effectively apply the knowledge, attitudes and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships and make responsible decisions.

A meta-analysis of over 270,000 students (Durlack, et al., 2011) indicates that SEL not only increases prosocial behaviors, improves student attitudes toward school, and reduces depression and stress among students, but also increases academic achievement by an average of 11 percentile points.

Knowing the importance of acknowledging students’ social, emotional and academic needs as well as sustaining their cultural and linguistic heritage the state of California has integrated these concepts into the 2016 Teacher Performance Expectations. But how do teacher educators receive the training and support they need to integrate them into their practice?

Nancy Lourié Markowitz, Wendy Thowdis, and Zaretta Hammond will be keynote speakers at the Fall Conference, and the theme will directly address the nexus of Social Emotional Learning (SEL) and Culturally Responsive and Sustaining Teaching (CRST). At the Conference these keynote speakers along with practitioner panels will provide resources and share insights regarding integrating SEL and CRST into teacher education.

The Conference will be complemented by a Fall 2019 special issue of Teacher Education Quarterly on SEL and CRST. The content of this special issue is informed by data from a CCTE membership survey conducted by co-guest-editors Heidi Stevenson and Nancy Lourié Markowitz.

In addition to the speakers and panels, the Conference will also include meetings of associated organizations—Association of Independent California Colleges and Universities, ED (AICCU, ED); California Alliance for Inclusive (continued on next page)
Schooling (CAIS); California Association for Bilingual Teacher Education (CABTE); and California Association of Professors of Special Education/Teacher Education Division (CAPSE/TED)—meetings of the CCTE Special Interest Groups, the CCTE Graduate Student Caucus, a meeting for newcomers to CCTE, policy sessions, research presentations and roundtables and posters, a Thursday reception, a Friday awards luncheon, and other related meetings.

Saturday of the Fall 2019 Conference will feature two special sessions, one an institute coordinated by CABTE, and the other the first annual California Clinical Fellows Symposium, sponsored jointly by CCTE, the Association of Teacher Educators (ATE), the National Association of Professional Development Schools (NAPDS), and the Southern California Professional Development School Consortium (SCPDS). The CABTE institute will initially focus on the intersection of bilingual education and social emotional learning, and then feature speakers and discussions on issues of bilingual and biliteracy education with special attention to assisting and supporting teachers working with students whose primary language is different from that of the teacher. The California Clinical Fellows Symposium will offer the opportunity for higher education and K-12 partners to explore issues of clinical practice through in depth discussion. The CABTE institute is included for anyone registering for the Fall Conference, while others who wish to attend just the institute will need to pay the Saturday fee. All participants in the Clinical Fellows Symposium are to pay the Saturday fee, which may be paid along with the Conference registration or individuals may register just for Saturday if they are not attending the full conference.

If you would like to serve on the planning committee for the Conference or help in any other way please contact Heidi Stevenson, Chair of the Conference Planning Committee, at: hstevenson@pacific.edu
