# CCTE Policy Talking Points

- CCTE would like to be a partner and a resource in any policy related to teacher preparation, teacher candidates, teacher shortage, teacher retention, financial supports for teacher candidates and programs.
- CCTE is collaborating across segments by sharing information, research, and experiences: Deans' meetings, working with the Commission on Teacher Credentialing, and partnering with K-12 Partners.
- High-quality Teacher Preparation is essential, even in times of teacher shortage. An increase in demand for teachers should not mean a compromise in quality of preparation. Even as we continue to recruit more candidates, we are meeting new rigorous standards for preparation, using data to help us improve, and engaged in accreditation to keep us accountable.
